Subject: RE: Notice of prehearing and hearing

2009-397-T

Ms. Schmieding,

We would like to retract our application to expand the scope of our authority at this time. We have had some compliance issues that need to be resolved first. Our hopes are to expand our scope to state-wide authority at some point in the near future. Is there formal paperwork that I need to complete in order to retract our application? We already have a hearing date scheduled this month.

Thank you,

Molly Johnson
